Global Consumer-Retail & Pharma Supply Chain Innovation Summit 2019

Moving to the "Thinking" Supply Chain & Logistics Era

Global Consumer & Retail Supply Chain Innovation Summit 2019 and Global Pharma Supply Chain Innovation Summit 2019 was successfully concluded at **Le Meridien Shanghai Minhang** on **21st-22nd November**. Same place and Same time. With C-level leaders from Pharmaceuticas, Medical device manufacturers, Pharmaceutical industrial park, Pharmaceutical logistics park, Hospitals, Fashion& Apparel, Food& Beverage, Personal Care, Luxury Goods, Consumer Electronics, Cosmetics, Dairy, Supermarket, Logistics, Government, Research institutions, Local industry associations, Equipment facilities and information technology service providers, Software, eCommerce platforms and other Retail & Consumer Goods Brands, this is a unique opportunity to connect with the entire Asia-Pacific supply chain ecosystem in one place.

With the theme of **"Link the world and see the future"**, Series of supply chain ACE Summit has become a landmark & Must attend event for the supply chain professional who are doing and planning to do business in China. As one of ace Events created summit, we are continually keeping our philosophy: The supply chain nowadays needs to be more visible, agile, and adaptable under the more complicated context, with the new Technology is transforming the way we do business increasingly, like artificial intelligence, RPA, IOT, and block chain are making a fundamental changing in supply chain operation.

Shanghai

Fantastic Speakers

Blockchain Endows the Transparency and Efficiency of Supply Chain in ABInBev 区块链赋能供应链透明化和高效化

—Jan Clysner, VP Procurement & Sustainability APAC, Anheuser-Busch InBev

Block Chain in Agriculture

Scope - Blockchain in barley procurement to track each lot of barley procured from the farm to our brewery.

Why ?

- Visibility and traceability of the entire supply chain
- Reduce fraud and abuse to drive betterment of farmers lives
- Effectively track both quantitative and qualitative metrics of barley sourced
- Increase efficiency in agro sourcing

Budweiser 百威啤酒有限公司
BECK & CO. BREWERY COMPANY APAC

Supply Chain Synergy and Efficiency Improvements: The Value of Supply Chain Collaboration & Consortiums 供应链协同和效率改进 供应链协同和效率改进 供应链协同和效率改进 供应链协同和效率改进 :供应链协作和联盟的价值 链协作和联盟的价值

—Tom Kruse, Global Head ' Collaboration & Consortiums, Global Supply Chain Management, Corning

11月21日—22日 上海
21st-22nd, November Shanghai

Feedbacks from Attendees

"All Good speakers, from the macro to the specific landing, have all covered. Benefit a lot from the summit."

Director of Supply Chain Center, 汤臣倍健

"It is the first time that i participat in the summit. It is a bigger summit this time and the organizer offered good service as well, and some professional Speakers have made very impressive speech. Like The Logistics General manager who from JD Group. Generally speaking, I am quite satisfied this time."

Supply Chain VP, 丹姿集团

"Very Good Supply Chain Summit , So Many thoroughly Speakers Spoke here, A lot of valuable Information. Thank you for inviting us"

Chief Supply Chain Officer , Groupe Beaumanoir

BEAST 野兽派

"我一直参与ACE举办的峰会，每一届都能认识很多新的朋友并学习到新的知识"

Supply Chain Vice President, 野兽派

"非常开心能在会议上遇到这么多供应链高管，从每一位演讲嘉宾上学到了很多关于供应链运营实践案例，这对我来说非常有趣也非常有意义，谢谢主办方为这次峰会做出的努力，希望ACE越办越好"

SCM Director, AmRest China

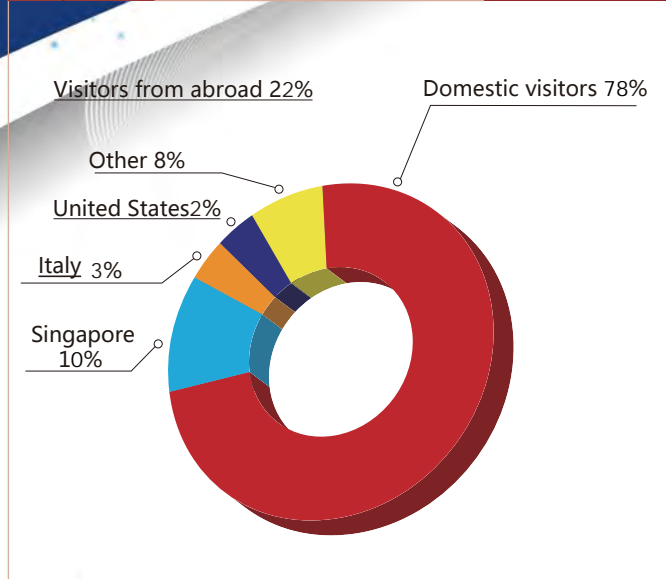

"Numbers" to demonstrate summit effects

The supply chain innovation summit series has a long history and is now the 10th summit, More than 1,000 guests from 28 countries and regions attended the event in past years. On this basis, supply chain week aims to build a professional platform to bring together supply chain management experts to discuss and exchange new opportunities, policies, trends, technologies and ideas in the industry, promote further cooperation in professional fields, make them more collaborative and transparent, and help decision-makers make better decisions.
